I just couldn't let the opportunity go by without saying thank you to all of you at Affordable Moving. You are the easiest company to work with that I have met in a long time.

We have had our furniture in storage there for 6 or so months and are living in an apartment. We found out that we had to be out of here by November 30th because they have rented this apartment. I called Nelson Ball for help. He set it all up for you all to come and get our furniture here, if our new home is not ready he said he could hold it with our other furniture and deliver it whenever the house is ready. How comforting is that to a family.

Needless to say I have slept since then. I have a hard time coordinating everything and he put my mind at ease. Thank you so much.

To whom it may concern,

We have been using Affordable Moving and Storage for the last 1 1/2 years. They receive, store and deliver all our furniture that we order for our clients and retail store. Not once in the last year and a half have we had any damage due to Affordable personnel. We have had only 2 cases where there was hidden damage of furniture. In both those cases, the furniture manufacturer and representative handled the problem with repair or replacement. Affordable personnel are always extremely careful with our merchandise and we are very happy with the service we receive.

Sincerely,
Laurie Herren A.S.I.D.

To Whom It May Concern:

We wanted to just acknowledge the wonderful service we received yesterday from your two movers that moved us here in Arvada.

Luis and Arman (I think his name is) we extremely professional, punctual, courteous, willing and on task. They were wonderful! We want you to know how rare it is these days to find individuals with that kind of work ethic. Please let them know how much we appreciated their hard work.

Also, please acknowledge our praise of Abel, your packer, for his continued professionalism, hard work and consistent unique skills. We could not say enough about Abel, truly. We have used him several times and have always had exceptional results. I don't know what we would do without him. We never have to worry about a thing when he is in charge. We have referred him and Affordable to many around us as we own a home development company here in Colorado.

Thank you!

Dear Mr. Rains,

On 9/25/06 we had our fourth move using Affordable Moving and Storage. This move was from Aurora to Ft. Collins.

I am writing to let you know what a marvelous experience we had with Charles and Kevin. They were, by far, the best team we have ever had in any of our 17 moves over the years. These gentlemen were so very kind, caring, professional, efficient, hard working, and enjoyable. My husband and I are very appreciative and thankful of the care they gave us in moving our belongings. It was a pleasure to work with them.

In a day when most people can only complain, we wanted to express our thanks and let you know what a great experience we had with Charles and Kevin.

Most sincerely,

Marcia Holub

On March 3, 2007 your company delivered a mattress set to and removed an old mattress set from my home in Colorado Springs.

I was extremely pleased with the service provided by the gentlemen who made the delivery. Terrance Wright in particular went the extra mile with professional, courteous, efficient service.

Mr. Wright is a great representative of both Affordable Moving and Storage and J. C. Penney.

My thanks go to him and to your company.

Sincerely,

JEAN B. O'HERIN

Comment/Question: 12/3/2007:

Affordable Moving & Storage:

On 11//30 we had the pleasure of having Moses and Hugo move us from Castle Rock to Lakewood. In the past I have had numerous problems with moves. From having our furniture destroyed to being hustled, I have had nothing but bad experiences.

I must say that our experience with your company was anything but a bad experience! Our movers were professional and conscientious and hard workers. I cannot say enough about how pleasant it was to work with both of these gentlemen.

Please be sure that we will use your company for any future moves.

Sincerely,

Keith Lucas
